DIGNITY FOUNDATION APPRECIATION NEWS LETTER

"FOREVER GRATEFUL"

On behalf of Bana Ba Letsatsi, we extend our heartfelt gratitude to **Dignity Foundation** and especially to **Ms Mokgadi K . Nteta**, for extraordinary act of kindness and dedication. Cycling 62 kilometers for 62 children is not only a remarkable physical achievement, but also a powerful symbol of hope and compassion for the vulnerable children we serve.

Day of the 62 kilometre cycling challenge

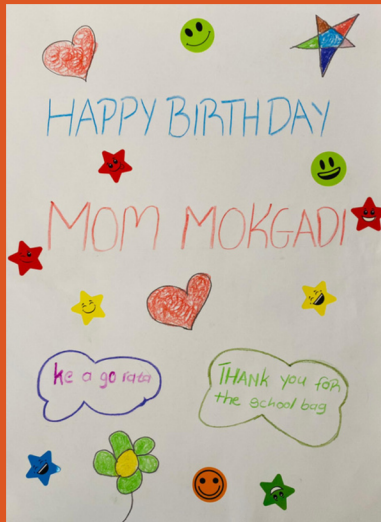

On the 23rd of August, a day before her 60th birthday, Mokgadi showed the world that age is not a factor when she cycled 62 kilometers to raise funds to support OVC's under our care.

She was joined by friends and the public on this physically demanding event, but because of her dedication and perseverance she endured and was able to help 62 students begin their last term of the school calendar with dignity and joy, having received school bags, clothes and essential toiletries.

Insight

We are deeply touched by your generosity and commitment. We are truly inspired by you and your gesture has reminded our children that they are not alone and that there are people who believe in their future.
